

Friday, September 29

8:00-17:00 Registration

8:45 Opening

Where do we stand?

9:00-12:30 Session 1: Accepted medical uses and medications

Chairs: Mark Ware & Donald Abrams

9:00-9:35 Donald Abrams (USA)

Cannabis-based medicines: an introductory overview of all the major clinically relevant known knowns and known unknowns

9:35-10:10 Ryan Vandrey (USA)

Evaluating the impact of cannabis use in the human laboratory and via patient registry surveys

10:10-10:45 Kirsten Müller-Vahl (Germany)

Current cannabis-based medicines: a clinician's perspective

10:45-11:15 Coffee Break

11:15-11:30 Timna Naftali (Israel)

The effect of cannabis on Crohn's disease patients

11:30-11:45 Lihi Bar-Lev Schleider (Israel)

Epidemiological characteristics, safety and efficacy of medical cannabis use in cancer patients

11:45-12:00 Aleksi Hupli (Finland)

Medical cannabis for ADHD: a medical sociological patient case study of cannabinoid therapeutics in Finland

12:00-12:15 Carl Roberts (UK)

Exploring the munchies: investigation of cannabis effects on human appetite and the development of the cannabis eating experience questionnaire

12:15-12:30 Ran Abuhasira (Israel)

Epidemiological characteristics, safety and efficacy of medical cannabis in older subjects

12:30-13:00 Questions from a panel of experts
What information do patients and their clinicians need?

13:00-15:00 Lunch and poster session I

15:00-16:20 Session II: Genetics, strains and quality

Chairs: Ethan Russo & Jahan Marcu

15:00-15:35 Ethan Russo (USA)
Chemovars (and a comparison of sativa & indica)

15:35-16:10 Jahan Marcu (USA)
Nature, variability & safety of marketed cannabis (NB pesticides) & how to optimize the safety & medical efficacy of marketed cannabis

16:10-16:35 Break

16:35-18:35 Session III: Laws and politics

Chairs: Kirsten Müller-Vahl & Ilya Reznik

16:35-17:05 Mark Ware (Canada)
Impact of new regulations on medical and recreational cannabis

17:05-17:20 Jeffrey Hergenrather (USA)
Country report: USA

17:20-17:35 Ilya Reznik (Israel)
Country report: Israel

17:35-17:50 Franjo Grotenhermen (Germany)
Country report: Germany

17:50-18:05 Sébastien Béguerie (France)
Country report: France

18:05-18:35 Questions from a panel of experts
What are the best (and worst) ways forward for patients and their clinicians?

19:00-22:00 Dinner of IACM partner organizations and ambassadors

Saturday, September 30

8:15-12:00 Registration

Where do we go?

9:00-12:55 **Session IV: Emerging new indications**

Chairs: Roger Pertwee & Guillermo Velasco

9:00-9:35 **Jonathan Page** (USA)

Biochemical genomics of cannabis strain diversity

9:35-10:10 **Roger Pertwee** (UK)

Future exploitation in the clinic of the endocannabinoid system and of synthetic drugs - most promising future directions

10:10-10:45 **Guillermo Velasco** (Spain)

Promising future directions: cannabinoid medicines versus cancer

10:45-11:15 **Coffee Break**

11:15-11:30 **Yosef Sarne** (Israel)

Reversal of age-associated cognitive impairments by ultra-low doses of tetrahydrocannabinol

11:30-11:45 **Elon Eisenberg** (Israel)

Cannabis treatment in hospitalized patients, using the syqe -exo inhaler - results of a pilot open-label study

11:45-12:00 **Zoltán Balogh** (Hungary)

Endocannabinoid interactions in the regulation of behavioral responses to trauma

12:00-12:15 **Jan G. Ramaekers** (Netherlands)

Brain kinetics of neurometabolites during cannabis intoxication

12:15-12:50 **Daniele Piomelli** (USA)

The future of cannabis-based medicines: a pharmacologist's perspective

12:50-15:00 Lunch and poster session II

15:00-17:00 Session V: Knowledge and education

Chairs: Raquel Peraube & Franjo Grotenhermen

15:00-15:40 Franjo Grotenhermen (Germany)

Promising indications with limited clinical evidence

15:40-16:20 Raquel Peyraube (Uruguay)

What questions do clinicians and patients have on a treatment with cannabis-based medicines?

16:20-17:00 Questions from a panel of experts

What should clinicians, patients and regulators know? What questions are still waiting for an answer?

17:00-17:15 Break

17:15-18:00 IACM General Meeting

19:00-22:00 Dinner with Award Ceremony
